Biographical Sketch for Jim Oswald

Jim Oswald is an organizational strategist and facilitator with Gensler Los Angeles. He works closely with Fortune 100-500 profit, non-profit, institutional, and educational clients to assess, clarify and focus, and strengthen organizational culture, structure, and effectiveness. He works collaboratively with clients and management teams to develop strategic and business plans and change management and communication plans. Jim designs and facilitates a wide variety of company offsites and retreats around organizational goal-setting, strategic planning and alignment, and communication and collaboration.

Recent clients included NASA/Space Center Houston, SFO Airport, the Business Software Alliance, Toyota, Ford, Rice University, University of Houston, University of Oregon, UCLA, USC, Stages Repertory Theatre, The North Face, Samsung-Dacor, Microsoft, Pricewaterhousecoopers, Merrill Lynch, Accenture, Fidelity, PIMCO, and Johnson & Johnson...to name a few. Jim splits time between Los Angeles and Houston and is a 10+ year volunteer with Homeboy Industries (Los Angeles). He is a newly minted Space Exploration and Science Center and Science Museum wonk.

Biographical Sketch for Stephen L. Klineberg

A graduate of Haverford College, with an M.A. from the University of Paris and a Ph.D. from Harvard, Stephen Klineberg is a Professor of Sociology at Rice University and the founder and Director of the Kinder Institute for Urban Research in Houston, Texas.

In 1982, he and his students initiated the annual Kinder Houston Area Survey, now beginning its 35th year of tracking the remarkable changes in the demographic patterns, economic outlooks, experiences and beliefs of Harris County residents. The recipient of twelve major teaching awards and a much sought-after speaker in the Houston community and beyond, Klineberg has completed a series of published reports on this ongoing research.

Driving and Parking Directions for Space Center Houston

Space Center Houston's address is 1601 NASA Parkway, Houston, Texas 77058 if anyone would like to use GPS to navigate to the Center. If you are going south on Gulf Freeway (I-45), take exit 24 which is NASA Bypass. Stay on the bypass until your second red light. You will see Space Center Houston on your left. Please let the toll plaza attendant know you are here for a conference so you will not be charged for parking. They will have a list of names at the toll booth. You will see "park here" circled on the attached map, but you may park anywhere in the front of the building. Enter the Space Center through the main entrance. They will also have a list of names at the entrance. Once you receive your ASMD Name Tag, please wear it.

Separate pdfs of a map of the Space Center Houston parking lot and entrance and walking directions from the Courtyard Marriott to Space Center Houston are attached.
